### Liturgy Reflection

The Holy Spirit, who came upon Jesus at his baptism, who came upon each of us at our own baptism, plays two major roles in today's Gospel. First, the Holy Spirit is the one who leads Jesus out into the desert.

Jesus' forty days in the desert recall the Israelites' journey of forty years. Unlike the Israelites, who grumbled about their hunger, chose to worship other gods, and wished they were back in Egypt, Jesus was able to

resist temptation. Which brings us to the other role played by the Holy Spirit, the role that may be overlooked even though it is revealed in the first five words of today's Gospel: "Filled with the Holy Spirit." Filled with the Holy Spirit, Jesus was able to resist every temptation the devil offered. Each temptation was an opportunity for Jesus to use his divine power for his own benefit. This is not why God became human. This is not why Jesus was sent. Just the opposite; he came not to save himself, but to save others. We too have received the Holy Spirit. We too are filled with the Holy Spirit. Therefore, we too can rely on the Holy Spirit, God's presence within us, to help us resist temptation.

### Today's Readings

**First Reading - Deuteronomy 26:4-10**

**Second Reading - Romans 10:8-13**

### Next Sunday's Readings

**Psalm - Psalm 27**

**Second Reading - Philippians 3:17 - 4:1**

**Gospel - Luke 9:28b-36**

## A NOTE FROM THE PARISH ADMINISTRATOR

Okay – it's that time again – a week late – but still good to refresh memories. During Lent primarily, according to the "Outlines of the Catholic Faith", what are the "rules" for Fasting and Abstinence?

Fasting means eating a lesser amount of food – only one full meal or two smaller meals daily, nothing between meals. Catholics who are 18 and not yet 60 are asked to observe. There are two fast days – Ash Wednesday and Good Friday.

Abstinence means not eating any meat. All Catholics over the age of 14 are required to abstain on Ash Wednesday and all the Fridays of Lent. On Ash Wednesday and Good Friday, we both fast and abstain. Contrary to some beliefs – Ash Wednesday is not a Holy Day of Obligation.

We're starting to get some questions about baccalaureate. We have the church calendar marked for May 23 (graduation is the 25th) at St. Ann.

The "Little Black Book for Lent" is still available but going fast – we still have some in the narthex – but "The Little Purple Book" for Children has disappeared from the shelves. We believe the books are taken by the grown-ups as soon as they see there are games and pictures in the books. We're not sure if we'll get another shipment or not so – grownups – as soon as you've finished the games, please bring the books back.

Last week, as part of the Optimist Youth Appreciation program the GB Optimists and City of Gulf Breeze hosted members of the GB Junior National Honor Society in a "take over the city" program that included each city official having a GBMS student counterpart. After a breakfast/pairing up at St. Ann on Friday, the students toured the city and all departments, then on Monday night the students took over the city council, conducting the regular Monday night meeting. It was a great experience for all concerned. My counterpart as Mayor Pro Tem was parishioner Elyse Fulford. She did a great job, and I think she has a bright future in government, although for now she is a member of the medical academy and is aspiring to be a doctor.

Golf carts in Gulf Breeze and Tiger Point – both areas are dealing with the issue. The city has issued its golf cart ordinance, but folks are not exactly overrunning city hall to get their carts registered. The GBPD will most likely pull you over if you don't have the little yellow decal on your right lower windshield. Maybe a first time warning, but they have indicated they will enforce it. Tiger Point has two issues – the privately owned golf carts doing damage to the course and the walkers. The walkers have been there since the course has been there. When we lived at Tiger Point there was a period after Hurricane Ivan when the courses were closed and folks got used to walking when they pleased, and for some that habit continued even after the course re-opened. I found that if I walked at 6 in the morning or 8 at night, I wasn't bothered and didn't bother anybody. A tough one to solve.

M-W's Word of the Day: "Vox Populi" (VOKS-POP-yoo-lye) – a Latin phrase that literally translates as "the voice of the people." It can also be found in the longer version of "The voice of the people is the voice of God." Many think that expression means that the people are always right, but it really implies that the will of the masses – right or wrong – is often irresistible. I think my wife employs a certain version of that phrase when she reminds me that she is always right.

Truism – I bought a vacuum cleaner six months ago, and so far all it's been doing is gathering dust.

*Everyone is invited to come take a walk through St. Ann's old Florida woods starting at the butterfly garden. Stations of the Cross are presented there in an easy, peaceful walk through a wooded area. Brad Donovan and his assistant Joe Bowman have been hard at work for months clearing the woods to make it more user friendly. They have built and installed benches along the way in case you would like to stop, meditate and just enjoy the surroundings. This was an eagle scout project completed many years ago and has now been revitalized. Come check it out...bring a friend, your family or just yourself and meditate on our Lord's passion.*

### HEALTH TIPS BY NICOLLE

Now that we have discussed what blood  
pressure is and what the normal and  
abnormal values are, let's discuss the  
potential effects that uncontrolled high  
blood pressure (hypertension) can have  
on your body. Uncontrolled hypertension  
can cause serious damage to your organs  
like your heart, kidneys and brain.

**Heart** - hypertension can cause the heart to become enlarged and  
hardening of your arteries. Hardening of arteries causes decreased  
blood flow and oxygen to the heart which can lead to heart disease,  
angina, heart failure and heart attacks. **Brain** - hypertension can  
affect the arteries in the brain causing a stroke. In the event of a  
stroke, there is a lack of blood and oxygen to the brain causing  
potentially irreversible effects such as change or loss of speech,  
vision, movement, cognition or even death. **Kidneys** - hypertension  
puts a lot of stress on the kidneys and if not treated can cause kidney  
disease. For additional educational resources visit

[https://www.cdc.gov/bloodpressure/materials\\_for\\_patients](https://www.cdc.gov/bloodpressure/materials_for_patients).

## MISSION 850

We are excited to announce  
**Summer 2019 Youth Mission Camp!**

At camp, teens will be serving those impacted by Hurricane Michael. The week includes daily Mass, reconciliation, and the invitation to ongoing missionary discipleship. Registration is only \$140/ person and includes housing and supplies for your mission work.

**Where will we be serving?** We will be serving most likely in Panama City, Marianna, Blountstown, or surrounding areas.

**What will we be doing?** The needs are diverse and changing. Our group may be using a chainsaw to remove trees, picking up sticks and debris from an elderly person's yard, helping carry out rain soaked rugs or furniture, rebuilding, or delivering donations. Local parishes and Catholic Charities provide the mission sites for the group. However, above all else, our mission is to love those we are serving.

You are encouraged to pray with anyone and listen to their stories. Ask how they are doing and how they are feeling . . . We must never underestimate the need for kindness, listening ears, or a smile. If your high school teen is interested in joining our mission group, please contact Jody Daily at [jody@stanngulfbreeze.org](mailto:jody@stanngulfbreeze.org).
